

LIFETIME WARRANTY CERTIFICATE

On March 15, 2002
we pressure-injected
two (2) foundation cracks at
123 Main Street
Your City, State, ZIP.

If at any time during the lifetime of the structure,
our work shows signs of re-cracking and/or water penetration,
we will provide labor and materials at no cost to the owner,
to stop the water from entering the treated area(s)
where our material was applied.

The provisions of your contract govern the limits of this
warranty. Should we have to correct our previous work, all
personal property must be removed from our work areas by
owner, and cracks must be accessible (not covered by drywall,
paneling, furniture etc.).

This warranty is transferable at no charge, regardless of
changes in ownership. Warranty is void if repair work is
damaged by earthquake, or adverse sub-soil conditions.
